

Press Release: 25 February 2013

OHORONGO CONNECTS OTAVI CLINIC WITH THE REST OF THE WORLD

Ohorongo Cement (Pty) Ltd recently donated a new fax machine to the Otavi Clinic as part of their commitment to develop & uplift the Otavi Community.

This supports their motto: "Together we'll grow from a Village to a City"

Ohorongo has invested more than N\$ 4.5 million into the Otavi town & community through the support of various projects, the renovation of the sports field in Otavi and the renovation of the Otavi clinic, to name just a few.

"This would connect us to the world out there and it means a lot to us" says sister Maria, who is in charge at the Otavi Clinic.

Mr Gerhard Hirth from Schwenk, Germany, handed it over on behalf of Ohorongo Cement to the elated staff.
